    - Health Care 5,000
- Leisure and Hospitality 1,800
- Other Services[2] 5,200

* Sum of components may not equal total, due to rounding.

"Employment growth was strong in April," said Ahu Yildirmaz, vice president and co-head of the ADP Research Institute. "While manufacturing saw yet another month of strong job gains, trade, information and finance all rebounded nicely. Construction also posted significant gains, which is likely a result of the more tepid spring weather."

The March total of jobs added was revised up from 13,200 to 76,700.

The May 2019 *ADP Canada National Employment Report* will be released at 8:30a.m.ET on June 20, 2019.

About the *ADP Canada National Employment Report*

The *ADP Canada National Employment Report* is a monthly measure of the change in total Canada nonfarm payroll employment derived from actual, anonymous payroll data of client companies served by ADP Canada. The report, which measures more than two million workers in Canada, is produced by the ADP Research Institute®, a specialized group within the company that provides insights around employment trends and workforce strategy.

Each month, the ADP Research Institute issues the *ADP Canada National Employment Report* as part of the company's commitment to adding deeper insights into the labour market in Canada and providing businesses, governments and others with a source of credible and valuable information. The *ADP Canada National Employment Report* is broadly distributed to the public each month, free of charge.

For a description of the underlying data and the statistical model used to create this report, please see "*ADP Canada National Employment Report: Development Methodology"*.
