ADP Canada with record six wins at this year's Readers' Choice Awards

Toronto, ON (June 30, 2021) – ADP Canada has been recognized in this year's Readers' Choice Awards released by *Canadian HR Reporter*, celebrating more than 100 top vendors and suppliers operating in the human resources space.

"In our 6th annual competition, 30,000 votes were cast for an impressive list of vendors, consultants, providers and legal experts in the HR space, in 48 categories," says *Canadian HR Reporter* group editor Sarah Dobson. "Each of them had to pivot quickly as the pandemic rolled across the globe. Not only were their own operations affected, so too were employers and HR teams looking for their support as they worked to weather the storm."

Readers were invited to cast their ballots in a confidential online survey between March 8 and April 3, 2021, and nominees were also encouraged to send the survey to their customers.

ADP Canada has been awarded in six categories: Payroll Management, HR Management/Information Solutions, Payroll Solutions, Performance & Talent Management Solutions, Recruitment Solutions/Software, and Time & Attendance Solutions.

At ADP Canada, it's the people behind the innovative technology who are helping clients adapt and manage their day-to-day operations by preparing them, regardless of their business size, for whatever might be coming around the corner.

"ADP Canada is honoured and humbled to be this year's recipient of six prestigious *Canadian HR Reporter* Readers' Choice Awards — the highest number awarded to a single organization in this year's competition," says ADP Canada President Holger Kormann.

Over the past year, ADP Canada, just like its clients, pivoted from working in the office to a remote environment. And while the company looks forward to returning to the office one way or another, its teams have benefited from the very same cloud-based payroll and talent management solutions that its clients do. It's these continually evolving solutions that have allowed ADP Canada to adapt quickly, making its team and its clients stronger.
