* Sum of components may not equal total, due to rounding.

"The labor market experienced relatively strong gains in trade, transportation and utilities; construction and finance and insurance," said Ahu Yildirmaz, vice president and co-head of the ADP Research Institute. "While the labor market posted solid employment growth, job losses in impacted industries may signal the beginning of the COVID-19 fallout."

The January total of jobs added was revised up from 25,100 to 37,200.

The March 2020 *ADP Canada National Employment Report* will be released at 8:30a.m.ET on April 16, 2020.

About the *ADP Canada National Employment Report*

The *ADP Canada National Employment Report* is a monthly measure of the change in total Canada nonfarm payroll employment derived from actual, anonymous payroll data of client companies served by ADP Canada. The report, which measures more than two million workers in Canada, is produced by the ADP Research Institute®, a specialized group within the company that provides insights around employment trends and workforce strategy.

Each month, the ADP Research Institute issues the *ADP Canada National Employment Report* as part of the company's commitment to adding deeper insights into the labour market in Canada and providing businesses, governments and others with a source of credible and valuable information. The *ADP Canada National Employment Report* is broadly distributed to the public each month, free of charge.
