* Sum of components may not equal total, due to rounding.

"The labour market continued to post a decline in employment," said Ahu Yildirmaz, vice president and co-head of the ADP Research Institute. "The biggest job losses were in the trade, transportation and utilities; education and healthcare; and manufacturing sectors."

The August total of jobs added was revised from -205,400 to -770,600.

The October 2020 *ADP Canada National Employment Report* will be released at 8:30a.m.ET on November 19, 2020.

About the *ADP Canada National Employment Report*

The *ADP Canada National Employment Report* is a monthly measure of the change in total Canada nonfarm payroll employment derived from actual, anonymous payroll data of client companies served by ADP Canada. The report, which measures more than two million workers in Canada, is produced by the ADP Research Institute®, a specialized group within the company that provides insights around employment trends and workforce strategy.

Each month, the ADP Research Institute issues the *ADP Canada National Employment Report* as part of the company's commitment to adding deeper insights into the labour market in Canada and providing businesses, governments and others with a source of credible and valuable information. The *ADP Canada National Employment Report* is broadly distributed to the public each month, free of charge.
